SUMMARY

The number of degrees and other formal awards conferred by Nebraska institutions of postsecondary education show a slight increase in FY1986-87 as compared to data reported a year ago: 15,486 as compared to 15,274, an decrease of 1%.

Bachelor degrees and post-baccalaureate certificates account for 55% of the total, followed by degrees and awards based on less than four years of work beyond high school, 28%; masters degrees and post-masters certificates, 11%; and first-professional and doctoral degrees accounting for the remaining 6%. Overall, a comparison of this year's data with that of last year is again one of stability and similarity.

Statistics for the four postsecondary sectors are as follows:

University of Nebraska awarded 6,334 degrees, 155 fewer than last year, representing 41% of the total. The greatest decrease occurred in the area of Health programs.

State Colleges awarded 2,192 degrees, 124 more than last year, representing 14% of the total. The greatest increases were in the areas of Business, Education and Humanities.

Technical Community Colleges conferred 3,885 awards, 186 more than last year, representing 25% of the total. The greatest increases occurred in the Physical Science and General Arts and Sciences programs.

Independent Colleges and Universities awarded 3,075 degrees, 57 more than last year, representing 20% of the total. The greatest increase was in the area of Business.

The largest number of degrees and awards were conferred in the area of Business, 3,561; followed by Physical Sciences, 2,721; and Education, 2,247.

Ratio of males to females remained stable over the past year: male 49%, female, 51%.

PREFACE

The information contained in this report was supplied by the Nebraska institutions of postsecondary education as part of the Integrated Postsecondary Education Data System (IPEDS). The IPEDS Completions Survey is part of a series of surveys which the institutions file annually with the U.S. Department of Education. The Nebraska Coordinating Commission for Postsecondary Education coordinates the distribution and collection of these surveys to the institutions for transmittal to the United States Department of Education.

IPEDS replaces the Higher Education General Information Survey (HEGIS) previously used by the National Center for Education Statistics.

The Commission wishes to acknowledge with appreciation the cooperation and time spent by the institutions in reviewing and verifying the data contained in this report.

INTRODUCTION

- The number of completions shown in this report are aggregated individual program totals for respective award levels. For example, the number of baccalaureate degrees reported in the major program area of Business reflects degrees conferred in three (3) possible degree programs for this program area: (1) Business Management, (2) Business and Office, and (3) Marketing and Distribution. The reviewer of these data is therefore cautioned to keep in mind that the program areas shown are major program areas rather than individual programs of study.

The data displayed in this report show the number of degrees and formal awards conferred at the following award levels.

1. Below Baccalaureate Degrees
 - a. Awards of less than 1 academic year
 - b. Awards of at least 1 but less than 2 academic years
 - c. Associate Degrees
 - d. Awards of at least 2 but less than 4 academic years
2. Bachelor's Degrees
3. Post-baccalaureate Certificates
4. Master's Degrees
5. Post-Master's Certificates
6. First-Professional
7. Doctor's Degrees

Each of the degree levels has a number of individual programs of study, or student majors, available for institutions reporting. These have been aggregated to a general program area.

Table 2 shows the number of degrees or awards each institutional sector conferred during the respective reporting period by major discipline groupings and by classification of Instructional Program (CIP) Codes. These major groupings were derived by combining various segments of the IPEDS form.

The following pages list the components of each major discipline group:
